This 4 hour training course will provide in-depth knowledge & skills needed to install and troubleshoot Mr. Slim M & P series systems. CSIpgh has taken the 2-Day Service training and condensed it into this "M&P INFO YOU MUST KNOW" training!

COURSE FEATURES:

- Hands-on instruction from CSIpgh Technical Advisor, Lou Kummer
- Describe the system components & characteristics
- Interpret the system functions and capabilities
- Determine typical operation, pressure & temperature readings and voltage measurements
- Calculate the appropriate system refrigerant charge
- Troubleshoot the system, identifying and isolating system faults
- Describe the system installation location requirements and so much more!
