This NEW two-part course covers the features of the new Platinum TAM9 air handler unit, as well as the Platinum 1050 touch screen control.

**COURSE FEATURES:**

- Hands-on instruction from CSIpgh technical advisor, Lou Kummer
- Small class setting
- TAM9 Agenda: board overview, including basic system operation and new configuration menus
- 1050 Agenda: Intro to feature benefits, installation wizard with zoning, interface & operation, and zooming operation
