This course provides an in-depth look at design considerations and application tips for designing a CITY MULTI VRF system with Diamond System Builder.

COURSE FEATURES:

- Intensive Diamond System builder software training
- Hands-on demonstrations with 24 tons of CITY MULTI equipment at the CSIpgh VRF Living Lab
- Module 1: Designing with VRF - Introduction to System and Base Knowledge of Products
- Module 2: Diamond System Builder - Hands-on learning of VRF Design software
- Module 3: Specialty Topics - Advanced discussion on specialty topics
- Module 4: Building Applications - Real-life application using VRF technology

REQUIREMENTS:

- Laptop with Diamond System Builder Installed (NOTE: this course does NOT use Design Tool, please use Diamond System Builder only!)
